The practice is an accredited RACGP Training Practice with Basic, Advanced and Subsequent Registrars and also medical students on rotation from Melbourne and Monash Universities.

Leongatha Healthcare Pty Ltd is situated in the picturesque hills of South Gippsland; Victoria. Leongatha is a town of approximately 7,000 people, 150km southeast of Melbourne and is a commercial centre for the surrounding farming community. There is easy access to the coast, being 20 minutes from the nearest beach at Inverloch (a popular tourist resort) and less than 1 hour's travelling to the natural and beautiful Wilson's Promontory. The Latrobe Valley, with the Victorian snowfields beyond, is a 1-hour drive north, so the area is literally "between the mountains and the sea".
